The New Image of God

REVELATIONS FROM THE GREAT WHITE BROTHERHOOD LODGE

This document is dedicated to all members of Rosicrucian Orders and Fraternities, and specially dedicated to United Communities of Spirit (UCS).

by Rev. Abbot Vicente Velado, OS+B
Lay Brother, The Rosicrucian Order
(a.k.a. Frater Velado, Prophet Jehosú)

Dear brothers and sisters from all the world; dear probationers on planet Earth; dear peacemakers, dear humanists, dear mystics and occultists, dear religious people from all religions; dear skeptics and atheists dear real and supposed Satanists; dear criminals, dear terrorists, dear masters of war; dear all human animals: Peace Profound to you All. I your brother in the Cosmic Christ, servant of the servants of Eternal Light, I'm here with this Rosicrucian Document for the New Era, targeting your minds and hearts in the name of the Holy Spirit.

God is the most magnificent creation from the human mind, the supreme conception of Summum Bonum extracted from the Cosmic reality in order to try understand who we are and from where we was created. These secure information are needed to make possible we define our primary metaphysical goal: to where we are going as animated creatures. A New Era is coming and now the image of God must be re-formated in human mind. Master Apis, the Hierophant of ORDO SVMMVMN BONVM, wrote a Holy Rule for Hierarchy Members of the Rosicrucian Order and all Abbots of OS+B are living under the 47 precepts from this Sacred R+C Document. According this Holy Rule we have to "Live for God, loving and protecting every kind of life." (+27) - Our actual work in the path to Abstract Mysticism do not eliminate the idea of God, but just change the image of God, in order to be an abstract image as the Holy Spirit: no more a Ethereal Father, but just a Inner Master eternally present in all beings, in material and immaterial Universes. At the bottom of this Web page you will encounter a link to our Holy Rule.

1 Briefing Overview: The Eternal Light

The new image of God for the New Era is just a not hermetic mystical abstraction. Is an image for all men, for all faiths, for all creeds. This new image is God as the Holy Spirit, God manifested as his Third Person in the core of all human creatures. Now God is no more the protector of human actions, but just the Inner Supreme Instructor, the Personal Inner Master of each man and each woman. This image of God is exactly the Rosicrucian Image of God: the God of your heart, the good of your

comprehension, the Eternal Light, originator of Love in Peace Profound.

This is an official digital pamphlet from ORDO SVMMVM BONVM for all mystics on the Third Millennium CE. It is for more clarification on the Great Workmanship as it is processed on Planet Earth by persons and organizations. This pamphlet exposes certain secret principles with the agreement of the True and Eternal Rosicrucian Order from the Great White Brotherhood Lodge of Tibet, subordinated to the Great White Brotherhood Lodge of the Solar System.

Parts 8 to 10 focuses the Egyptian Roots of Rosicrucianism: these parts explains on Maat and Prophet Akhenaten - Neferkheperura Waenra Amenhotep IV , 98° Nisut (AUS). Amenhotep IV was the son of the Pharaoh Amenhotep III and Amenhotep III's second wife Tiye. After taking control of the throne in 1346, Amenhotep IV transferred the city of rule from Thebes to a new city called Amarna (Akhen-taten). Supposedly, Amarna was the only spot in Egypt where the old religion had not tainted it, and where the natural surroundings outlined the city with a Sun-Disk-like design. Once Amenhotep IV had settled into his new city, he changed his name from Amenhotep IV to Akhenaten, in recognition of the Sun God (Aten) in 1344 BC.

2 Dedication: The Core of Rosicrucianism

Beloved Brothers and Sisters living on this Planet:

Salutes in Rosae Crucis Aeternae, continuously emanated from the Grand Central Sun, through the Sacred Logos of the Cosmic Christ.

This document is dedicated to all Members of Rosicrucian Orders and Fraternities congregated in the Mystical Body of Christian Rosenkreutz per the Special Initiation of the Eternal Rose, conducted through the Net on February 04th, 2002 by Aum-Rah, Master of ORDO SVMMVM BONVM, Cosmic Master from Peace Profound and for Peace Profound to all beings congregated in the All Are One concept.

Fratres et Sorores, remember for ever: the Symbolic Jesus Christ is the core of authentic Rosicrucianism, founded by Father CRC in order to preserve the hermetic message from the Cosmic Christ transmitted by the Initiation of 14th Degree: the Symbolic Crucifixion of the Mystical Rose of Sharon.

If you are an Initiated you know: Rosicrucianism is the Core of Jesus Christ, permanently manifested inside the Inner Circle of the Eternal and Invisible Rosicrucian Order, emanated by the Holy Spirit.

We entered the long awaited New Millennium of Christian Era, but how between us really entered the New Age? I'm talking about the truthful New Era, the New Era inside each all man and all woman, the veracious New Era. This New Age is not one more Era into Time and Space. New Era is an individual elevation of conscience, an experience very intimate for each human creature in particular. To enter in fullness the inner kingdom of New Era each man and each woman must accept to live for ever under this Law: Light, Life, Love. It is the mystical triangular key to open the Sacred Portal for the New Era. On this path - the Path of Light - you must have in you mind, in your soul, God as the Holy Spirit. In order to assume in your core the Third Person of the Holy Trinity as your Inner Master, as your God, you must accept in your conscience this Law: "All are One". When you agree to this mystical abstraction you also join the Mystical Body of the Cosmic Christ.

3 Do You Have Solutions for these 7 Questions? (A New Era is Coming; a New World Order is Needed)

The human society has been always unjust, giving privileges to the strong and oppressing the weak. Now more then ever with the economic perverse model, the globalization seems to stimulate the differences between them, which results in thousands dying of scarcity. Corruption, criminality, lies and disaffection are devastating the face of Earth. Models of government from democracy to theology going through utopian socialism, has been showing incapable of solving even general problems of Humanity. We intend to change this picture for the Third Millennium asking to all Rosicrucian the following questions:

1 - Do you think it is possible to establish a universal government on Earth? Not a theoretical entity, but a real and efficient administration capable of legislate and decide in the world level free of pressure from financial groups? In your opinion how this could be done through the next 100 years?

2 - Included in the principal ghosts terrorizing the human race are the nuclear disasters, the demographic explosion, the exhaustion of sources of energy, the lack

of sufficient food, ecological pollution, destruction of natural habitats, green house effect, social injustice, the loss of fundamental principals of morals and ethics of the population. How do you think those problems can be solved in a practical manner?

3 - Through the eras cyclic problems has been solved with recycling of values with destruction and reconstruction of constitutive orders. Trough wars, as agents of dynamization for such changes. As Rosicrucian do you know any other and better form of action practical and efficient, besides war, to modify the conditions of Humanity as a society for the better and indefinite time?

4 - Which form of leadership would you choose to govern this new human society? In the third millennium?

-A regent to whom all the power would be given, assisted by a highly credited scholars, from all countries.

-A representation of Nations without a central figure to govern.

5 - What kind of cold, values and guideline of collective principles would you suggest in order to elaborate a World Constitution, considering all ethnic differences and problems under a global vision?

6 - As for instruction and education of children, how would you design a didactic model? Also for the young/teenagers in order to create a just society capable to offer conditions of mental peace and prosperity enough to inspire the desire to rise at the conscious level of all mankind?

7 - How would you conduct the elaboration or a simple and practical at the same time deep and proficient set of guide lines (rules) to emphasize a canalization of the mystical powers of the people, which actually are focused as religiosity?

As a Rosicrucian, we wish that you have had grown to a conscious level that enabling you to create and implement solutions to the problems related above, with clear and practical suggestions. Any of you with desire to submit solution to any of these questions, feel free to send them to ORDO SVMMVM BONVM through its "Contact Us form", for publication (is no limit of text size, to be written in form and must be accompanied of identification and brief biography from the author).

5 Christian Rosenkreutz, Founder of Rosicrucianism (Some words on the real origin of authentic Rosicrucianism)

*Ex Deo nascimur, in Jesu morimur,
per Spiritum Sanctum revivscimus.*

*A.C.R.C. Hoc universi compendium
unius mihi sepulchrum feci.*

Christian Rosenkreutz (Christian Rose+Cross, CRC) is the Founder of Rosicrucianism. It is the 13th Rosicrucian in The Elders Brothers of the Holy Rose

+Cross Congregation (The Inner Circle of the Eternal and Invisible Rosicrucian Order) inside the Great White Brotherhood Lodge (G'.W'.B'.L'.). Father CRC is the Grand Initiator of R+C and only under his authority an authentic Rosicrucian Order or Fraternity can be founded. CRC it is not an allegoric personage as some people thinks. It is a real person, illuminated by the Eternal Light through the Holy Spirit Sacred Prism's. Christian Rosenkreutz was a human person and received his Initiation in Egypt.

What is really Rosicrucianism? We entered the long awaited New Era (the Third Millennium CE) experiencing a lot of contradictions inside the kernel of the modern occultism and Rosicrucianism has affected. For details, just visit the ORDO SVMMVM BONVM Crhistian Rosenkreutz Web site, invoked in the main-page of OS+B's Official Web site to access the Father CRC Archive... Several variations of Rosicrucianism was created by several esoteric people, including Tantric and Vedic versions. The image of Rosicrucianism as an ancient and traditional school of mystery has damaged by several unauthorized gurus, commercial enterprises using the name Rosicrucian, fools and a complete universe of irresponsible people using including the Net in order to construct the most fantastic and incredible Babel Tower involving Rosicrucianism. Unfortunately have not yet a serious control on the Net and all people can writes and publish dozens of pages containing the most absurd versions about all themes around the occultism. In essence, the Rosicrucianism is just a Cosmic Christic doutrine, based under the Divine Ethics, devoted to promote the continuous evolution of the human conscience.

According Max Heindel, founder of The Rosicrucian Fellowship, Christian Rosenkreuz is a real personage, not a product of mystic fiction. I agree. Also for me CRC is a real personage and his tomb is opened when is necessary. Now, his tombstone is open once again.

Remember: Our Lord Jesus Christ was educated in Egypt. Rosicrucianism is also a Light from Egypt.

We decided publish this page about Christian Rosenkreuz including texts extracted from books published by religious organizations that shows CRC and Rosicrucianism as a fraud. As a Catholic person I'm can't accept these versions because are not according with Jesus Christ message. If Christian Rosenkreuz is a real or an invented personage is not important. For me, his history have a mystical and occult significance that is not accessible for profanes (atheists or religious). The explanation about this theme that I recommend to all interested people is the one exist in "The Rosicrucian Archive", by the Confraternity of the Rose Cross (CR+C),

founded by Gary Lee Stewart.

According to the CR+C document, the amount of historical research into the phenomenon known as Rosicrucianism has been considerable over the past decade. Any number of published works on the subject almost unanimously focus their attention upon the 17th Century European foundation of the traditional Order. These works point out that the Invisible Order was founded in Germany, several centuries earlier, by an individual known as Christian Rosenkrutz. It is said that in order to perpetuate an ancient tradition he had initiated a few brothers into the mysteries of the Rose Cross. The successors to these brothers brought to light the existence of the Order in 1614, with the publication of the first Rosicrucian manifesto *Fama Fraternitatis*. However, the actual foundation of the Order is believed to have taken place on the occasion of the opening of the allegorical crypt of Christian Rosenkrutz, ten years prior to the publication of *Fama Fraternitatis*.

Although historically the foundation of the Order was in the 17th Century Europe, there is a considerable discussion among scholars on the traditional roots of Rosicrucianism. The name Rosicrucian is derived from the Latin: 'rosae' and 'crux' popularly translated to mean the 'rose cross'. Historically, the R+C (Rose Cross) has had both an outermost public interpretation, as well as an inner, hidden meaning, derived from less known sources. Its symbolic significance is the key to understanding the intentions and objectives of Rosicrucianism.

I also encourage all studious interested in Rosicrucianism to read the document *Manifestations of the Neo-Rosicrucian Current* by Frater Melchior, FRC, a free ebook illustrated by me available in the OS+B Digital Library, at <http://svmmvmbonvm.org/livrariaos+b/> .

Below, some versions about Christian Rosenkreutz.

The first Rosicrucians took their name from a fifteenth-century visionary and magician named Christian Rosenkreuz. Legend has it that after a long stay in the orient, he returned to Germany to found a monastery in which he sought spiritual fulfillment through isolated meditation and prayer. Spiritual disputes with Lutheran doctrine led the early Rosicrucian societies to follow in Rosenkreuz's hermetic footsteps, developing as enclosed orders of men sharing a unique set of mystical beliefs. In the 18th century, these groups turned towards alchemy and esotericism in order to distance themselves from the religious beliefs of the majority, basing many of their ideas and images upon those drawn from the Kabbala and the Freemasons.

According the Encyclopaedia Britannica, the origins of Rosicrucianism are obscure. The earliest extant document that mentions the order is the Fama Fraternitatis ("Account of the Brotherhood"), first published in 1614, which may have given the movement its initial impetus. The Fama recounts the journeys of Christian Rosenkreuz, the reputed founder of Rosicrucianism, who was allegedly born in 1378 and lived for 106 years. He is now generally regarded to have been a symbolic rather than a real character, whose story provided a legendary explanation of the order's origin. According to the Fama, Rosenkreuz acquired secret wisdom on trips to Egypt, Damascus, Damcar in Arabia, and Fès in Morocco, which he subsequently imparted to three others after his return to Germany. The number of his disciples was later increased to eight, who went to different countries.

In the late 1880's, the French critic and author Joséphin Péladan agreed to meet with the occultist Stanislas de Guaita. Guaita was initially attracted to Péladan's somewhat popular aesthetic novel, "Le Vice suprême", desiring to speak with the author of this original work. Sharing a disdain for common religion and society, the two men decided they would try to revive Rosicrucianism as a way to propagate their ideas. After a time, they separated over differing aims; Guaita was focused on the unorthodox elements of the society while Péladan attempted to set it apart as a Symbolist-Catholic entity of artistic truths.

Thus, Péladan's group broke off to form the international Salon de la Rose + Croix, with a manifesto written to proclaim the order's somewhat occultist ideals of art, accepting works dealing directly or indirectly with "Catholicism and Mysticism, Legend, Myth, Allegory, the Dream, the Paraphrase of great poetry, and finally all Lyricism..." Péladan's aim was "to tear love out of the western soul and replace it with the love of Beauty, the love of the Idea, the love of mystery." Some artists connected with his group, whose works were found "worthy" of being exhibited in the Rose + Croix salons, ranged from Jean Delville, Fernand Khnopff, to Alexandre Séon and Alphonse Osbert.

According Hermann Gruber, the original appellation of the alleged members of the occult-cabalistic-theosophic "Rosicrucian Brotherhood", described in the pamphlet "Fama Fraternitatis R.C." (Rosae crucis), which was circulated in MS. As early as 1610 and first appeared in print in 1614 at Cassel. To the first two additions were prefixed the tract "Allgemeine und Generalreformation der ganzen weiten Welt", a translation of Fr. Boccacini's "Dei Ragguagli di Parnasso", 1612. Beginning with the fourth edition in 1615, the third Rosicrucian rudiment, "Confessio der Fraternitat", was added to the "Fama". According to these, the Rosicrucian brotherhood was

founded in 1408 by a German nobleman, Christian Rosenkreuz (1378-1484), a former monk, who while travelling through Damascus, Jerusalem and Fez had been initiated into Arabian learning (magic), and who considered an antipapal Christianity, tinged with theosophy, his ideal of a religion. Concerned above all else that their names should appear in the Book of Life, the brothers were to consider the making of gold as unimportant-although for the true philosophers (Occultists) this was an easy matter and a paragon. They must apply themselves zealously and in the deepest secrecy to the study of Nature in her hidden forces, and to making their discoveries and inventions known to the order and profitable to the needs of humanity. And to further the object of the said order they must assemble annually at the "Edifice of the Holy Spirit", the secret head-quarters of the order, cure the sick gratuitously, and whilst each one procured himself a successor they must provide for the continuance of their order. Free from illness and pain, these "Invisibles", as they were called in the vernacular, were supposed to be yearning for the time when the church should be "purified".

For two hundred years, while the world never had the least suspicion of their existence, the brotherhood transmitted by these means the wisdom of "Father" Rosenkreuz, one hundred and twenty years after the latter's burial, until about 1604 they finally became known. The "Fama", which effected this, invited "all of the scholars and rulers of Europe" openly to favour the cause, and eventually to sue for entrance into the fraternity, to which, nevertheless, only chosen souls would be admitted. The morbid propensity of the age for esoterism, magic, and confederacies caused the "Fama" to raise a feverish excitement in men's minds, expressed in a flood of writings for and against the brotherhood, and in passionate efforts to win admission to the order, or at least to discover who were its members. All of these endeavours, even by scholars of real repute like Descartes and Leibniz, were without results. From the manifestly fabulous and impossible "History" of the brotherhood, it was apparent that it depended upon a "mystification". This mystification was directly explained by an investigation by the author, who appears unquestionable to have been the Lutheran theologian of Württemberg, John Valentin Andrea (1586-1654). According to his own admission, Andrea composed in 1602 or 1603 the Rosicrucian book, "Chymische Hochzeit Christiani Rosenkreuz 1459", which appeared in 1616. This book, called by Andrea himself a youthful literary trifle in which he intended to ridicule the mania of the times for occult marvels (Life, p. 10), bears the closest intrinsic relation to the "Fama", which, in the light of this, is undoubtedly a later work of Andrea's or at least of one of the circle of friends inspired by him. Alchemistic occultism is mocked at in these works and in the "General-Reformation", the follies of the then untimely reformers of the world are openly ridiculed. The fantastic form of the tracts is borrowed from contemporary romances

of knighthood and travel. The "Rosy Cross" was chosen for the symbol of the order because, first, the rose and cross were ancient symbols of occultism and, secondly, occur in the family arms of Andrea. It recalls Luther's motto: "Des Christen Hertz auf Rosen geht, wenn's mitten unter'm Kreuze steht" (Hossback, 121). As a result of his satirically meant but seriously accepted works, which soon gave rise to occult humbuggery (opposed by him) in new Rosicrucian raiment, Andrea openly renounced Rosicrucianism and frequently referred to it as a ridiculous comedy and folly. In spite of this, the Rosicrucian fraud, which served in many ways as a model for the anti-Masonic Taxil-Schwindel, has continued effective until the present day. In the seventeenth century Michael Maier and Robert Fludd were its champions.

Pseudo-Rosicrucian societies arose, falsely claiming descent from the genuine fraternity of the "Fama". After 1750 occult Rosicrucianism was propagated by Freemasonry, where it led to endless extravagant manifestations (St. Germain, Cagliostro, Schropfer, Wollner etc.). In the system of high degrees in "Scottish" Freemasonry, especially in the Rosendruetz degree, the Rosicrucian symbols are still retained with a Masonic interpretation. Finally, since about 1866 there have existed in England and Scotland (London, Newcastle, York, Glasgow) and in the United States (Boston, Philadelphia) "colleges" of a Masonic Rosicrucian society, whose members claim to be direct descendants of the brotherhood founded in 1408. Only Master Masons are eligible for membership. According to the definition of the president of the London branch (Supreme Magus), Brother Dr. Wm. Wynn Westcott, M.B., P.Z., it is "the aim of the Society to afford mutual aid and encouragement in working out the great problems of life and in searching out the secrets of nature; to facilitate the study of philosophy founded upon the Kabbalah and the doctrines of Hermes Trismegistus, which was inculcated by the original Fratres Roseae Crucis of Germany, A.D. 1450; and to investigate the meaning and symbolism of all that now remains of the wisdom, art, and literature of the ancient world". The view which has been lately revived, especially by Katsch and Pike, that Rosicrucianism definitely or even perceptibly cooperated in the foundation of modern Freemasonry in 1717, is contradicted by well-known historical facts.

Paracelsus, a Swiss alchemist who died in 1541, is also regarded by some as the real founder of Rosicrucianism. Others, however, view 16th- and 17th-century developments as simply a revival of the order and contend that Rosicrucian doctrines not only flourished in ancient Egypt but were espoused by such outstanding philosophical and religious figures as Plato, Jesus, Philo of Alexandria, Plotinus, and others. There is, however, no reliable evidence to date the order's history earlier than the 17th century.

Note please that all versions on Father CRC you will encounter available in several

books or on the Net are simply symbolic explanations on a myth and cannot be undertanded in literal basis. You need to read these texts not simply using your physical eyes but just your metaphysical eyes...then you can extract the truth from alegoric versions of a mystical story...if you can to interpret correctly the metaphysical content of these stories you will understand because what the God's image needs to be changed from a Father to a Holy Spirit and no more for this New Era, this New Mental Era.

6 The Force in Action

Who The Force Is and What The Force Does

(A short study on Entropy)

The Force (Eternal Light) created Originator (a.k.a. God), a personalized emanation endowed with conscience. Originator first created the Space, in second the Time, in Third all Dimensions, in Fourth all Planes for each Dimension.

Originator created the Duality and invented man and woman - both projected for a special mission: believe in God and know the entropy.

Human creatures created several Gods in consequence of the actions of Originator: Ancient Egyptians created Aten; Jewish invented Javeh; Muslims developed Allah.

Now each men fight in order to impose the supremacy of his individual God.

Then, a new God born: Anti-Christ 666, Master of War, Lord of Money, symbolized by gold, crystallized in the Society of Consumption.

Now, men are seeking for the Eternal Life, are looking for a not personal God. But only few men can accept God as an abstraction of Ethics.

The Force is just that all people names God. But, what exactly The Force is? For some mystics The Force simply cannot be described in human parameters, because The Force do not exist into these parameters, mentally created by men. Some people make confusion between The Force, the Eternal Light and the Cosmic Mind, introducing a pantheist scheme into modern metaphysics. The crucial problem on this matter is just philosophy cannot be used in order to analyse these conceptions. Only using mystic vision a common man can concept in his mind what is The Force,

what is the Eternal Light, what is the Cosmic Mind.

We, Rosicrucians, know that The Force is essentially creative: he/she was extracted himself from the Eternal Zero and using the Eternal Nothing created all Universes, all Planes, all Spheres, all animated and unanimated creatures. Creation is the focus for the Eternal Eye. Thus, only analyzing the Creation - in a global analysis - human creatures can intend understand what The Force is.

For The Force never existed an origin. The Force simply extracted itself from the Eternal Zero, generating conditions for the Creation, including Creator, Originator, all Universes, all beings. Then the Duality was materialized: He-She-It in the Minor Circle, the reflex of the Eternal Circle, the Absolute Zero. Thus the Vortex has been created. The Vortex contains all information needed for the study of the truth about the Creation. Mystics yet prepared by traditional organizations as the Rosicrucian Orders and Fraternities (in the Superior Degrees) can to proceed the Vortex Invocation.

A very common mistake is a person thinks that The Force is essentially good. No. The Force is not good and is not bad. These opposites are just attributes of the Duality, the material and immaterial conditions where the Creation expresses Light and Mind as emanations from The Force. During the eternal creative process (it is an action permanently developed into a symbolic circle) The Force generates the Dual Concept because his primary condition is also dual: there are a Zero and from this Zero the number One was extracted. Then, the Zero is a kind of "starting point" for the One and this movement generates the illusion called Time.

The Mystics and the Entropy

Then in the Creation has been created the phenomena called Entropy, the Cosmic Law/Action that dissolves gradually entire universes inside the Time. This process occurs inside a minor symbolic circle, that is only the reflex of the Big Circle where The Force is at the same time the central point and the circumference. The perfect comprehension of this question is the central point of human evolution. Evolution, for men, is just to obtain control on the minor entropic forces, for preserve individual existences as eternal individual beings.

How can a mystic take control on Entropy? Well, it is the fundamental question in an authentic progressive process of studies. This process is not a simple initiatic path, embodying mental ascension through several in a mystical scheme organized by an

initiatory school as some Rosicrucian methods of teaching. This initiatic path - note! - is only the starting point for the "human circle", exactly the process of the Creation is a circle for The Force (!!). Magickal ceremonies, mystical ways of life, authentic Initiations are important pieces in the complete scheme for the construction of the Inner Master for all Adepts. Only for a example: in the Rosicrucian scheme for ascension of consciousness the "starting point" will be unleashed after 25 years of profound and devoted ritualistic studies.

When the starting point is finally unveiled for the student, a giant door for the Cosmic is opened. The student now is an authentic Adept and can see in a more accurate manner some evidences of the Presence of the Force. At this point the student knows that The Force really is not God as God is mentally created by human creatures. In this stage also the Law of Entropy can be comprehended, through its relation with the Time. Entropy only exists inside the minor circle where Time is imprisoned. Inside this circle the events occurs and segments of the Life are beings, just as human creatures. Outside this circle Life is eternal and the Law of Entropy simply cannot prevail.

The mind of the Rosicrucian student must be very staring in order to perceive the differences between the minor circle (where the human life exists) and the Eternal Circle (where Life is eternal). Light is just the Mystical Bridge between these two circles; but Light, here, is not the physical light, as the light generated by the central star of the planetary system called Solar System. Light, here, is the Light generated by the Real Central Sun and diffused on planetary spheres of this Galaxy by the Cosmic Christ.

Who exactly is the Cosmic Christ? A magnificent universal image of the Ascended Jesus Christ? A magnificent universal image projected "inside" the Nirvana by the Buddha Maitreya? No. The Cosmic Christ is simply impersonal and just because this condition he is universal. The Cosmic Christ is Light under Love focusing all beings in all universes, in all planes, in all spheres. The Cosmic Christ resides inside the atom as a meson, congregating protons. He is just the essence of The Force when The Force penetrates the Creation for evaluate it using Duality. Then, if an Adept wants take control on entropic events, he needs in first a profound contact with the Cosmic Christ.

Through this contact with the Cosmic Christ men can understand some aspects of The Force and then can take control on entropic events, generating more bliss in Peace Profound. This is the goal of the Rosicrucian student. Many of them wish this success but only few obtain it. This natural selection is part of the entire process of

the authentic Rosicrucian studies and is just because this selection which the Inner Circle is formed in all Orders and Fraternities R+C. When you really knows who are The Force and what The Force does you are qualified for the Inner Circle of your Organization.

Dark Energy and Alpha Structure

The Visible Universes (that Universe where Planet Earth and more currently exists) is maintained by a very straight (but thin) structure, called Alpha. This structure is just the support for the Universal Conscience, this that some mystics names of "Consciousness of God", "Cosmic Mid", in a pantheist concept also simply called God.

Rosicrucian students of Superior Degrees know the truth on this matter and also know about Dark Energy. What exactly Dark Energy is? Well, it is just a point of an eternally continuous line (the Line of Existence), that have two other points: Crystal Energy and White Energy. It thus that the Material Plane is manifested, as the Plane of Duality. Alpha Structure is just the conscience of the Plane of Duality, the total conscience of this Plane. Other Planes also exist and all of them are permanently infused by the emanations of the The Force. Examples: Holy Spirit, emanated directly by the Eternal Light, through the Real Central Sun (True Aten); Cosmic Christ, emanated continuously by Crystal Point (the Point Love of the Line of Existence); and Father's Environment (the direct emanation of the True Aten, the real Solar Disk, the Only Creator of Life as human beings know as life).

When this three Points are manifested as a Line, this Line is not a real straight line, but a Circle, and this Circle contains the Time. It is a Minor Circle, relative reflex of the Great Circle, the Absolute Zero, that is the container of Creator, Originator, Creation and all beings. It is the Supreme Circle, the Omnipotent Container, inside it God exist, as Creator and creatures. If a Rosicrucian student intend to know the truth on the human life; if a Rosicrucian student want know what is in reality Eternal Life, the starting point for this student is just the study on the Line. The Line it is not a simple symbol, a mathematical concept for metaphysics constructions: it is much more, it is real, it is the basis of the Creation, the support for all spiritual sciences. Numbers are only a symbol. When I said that the Absolute Zero extracted Number One from himself as the Creation, consequently creating the Duality, I'm just symbolizing for more human comprehension. But the Line is not a symbolism: it is a curve, a circle, a Circle also (with C in upper case).

7 Lessons extracted from War and Terrorism Homilia on September 11th Disaster

My brothers, what lessons can be extracted of the last events that traumatized the terrestrial world, taking so much pain and despair to so many people in several parts of this planet? It is necessary, it is extremely necessary, that of so much misfortune and poverty is extracted, for the mystic alchemy, the juice that it will consist of the broth of culture of the germ of the evolution for a new plan of collective conscience.

In the beginning of this Third Millennium of the Christian Era ORDO SVMMVM BONVM published, just in the restricted extent - however privileged - of Internet, a short Manifesto about the need of the change of the concept of God for the attainment of the New Era.

In few lines, it was said that, now, in this new period of the Cosmic Cycles measured by the Humanity's referential, God would have to be understood as the Inner Master of the Manifestation of the Life, and no more as The Being Protector, The Father of all creatures.

Through the eras, since the evolution of his cerebral system allowed like this him, the man has been presenting the idea of God as middle of disciplining the collective life, ruling it for some morals type that judged the most appropriate for his community and for the moment. The that intention, we can call Religiosity, and it is precisely her that refers our Hierophant, Master Apis, in the Rule to the Hierarchy.

The Religiosity - one of the 19 Principles (1) - shown by our Hierophant for a to live conductive to the ascension of the conscience, it should not be confused with religion. Religion is the way for the which the Religiosity is implemented for meaning of the idea of God by the masses, what always implicated junction danger to the material power and consequent manipulation, resulting in discords that get to culminate in wars, in crimes against the Humanity.

It is for that reason that the Rosicrucian Order proposes to their members that God is God of their hearts, of his understanding. God is a personal conception, a very intimate perception, a limited mystic experience to each individual's extent and at the same time capable to transcend that restriction, being diffused for the union of minds in a conclave whose consensus can only be that we would call The Divine Ethics. The one that Ethics proposes is Peace, the Truth, the Harmony, the Justice, the

Charity, the Compassion, the Amnesty -everything that, as vibratory colors that they composes the White Light in the which the Love, that Love rose color, lives well-being sensation, brought to the man's mind by the conscience cleans, that it constitutes the connection link with Cosmic Christ.

Through the times, the man has been presenting to himself God as being the Creator of everything that exists, when the Manifestation is an event permanent, no-initiate and consequently endless, for being out of the action of the Time. Time is the measure used by the man to determine the duration of events, as the one of his own and illusory individual existence.

Mystics in several times, in the condition of Avatars, presented practical plans of implementation of the Divine Ethics, that they resulted in books proclaimed as sacred, which serve from foundation to the several religions. Many men, with problems of personal statement, use those texts, interpreting them according to his convenience, to justify actions that are only yours, and later to attribute them to God. With great sadness I saw the brother Osama bin Laden to declare that " God blessed a group of Muslims of the vanguard, the front of Islam, for us to destroy America." (sic). With great sadness I saw it entirely world if it unites to squeeze with bombs the extremely miserable and devastated territory in that they are hidden the fundamentalists of the caves. With great sadness I see the terrorism generate the revenge, everything on behalf of God: " God blesses America ".

These are accomplished avents, on the ones which the mystics, in a general way, exempt of pronouncing, for they have not to position, therefore it is easier if it isolates in the tower of ivory of the esotericism of what to assume postures in the Humanity's battlefield, submitting to oppositions and critics. I would say that inside of the extent of their respective visions of the world both determined sides in the confrontation are right and at the same time both are wrong. But if I was to weigh in the scale of Anubis the Terror and the War, I would say that the Terror is more terrible. The war actions, for viler, as the bombs on Hiroshima and Nagasaki, are at least previsible, even if not imagined. Already the terror actions are hit of innocent civil surprise and them die without at least knowing what is happening. The more than six thousand victims immolated in the black smoke involving the World Trade Center they didn't have time of sheltering at caves.

We are before a new ritualistic sacrifice human, just like the one of crucified Jesus, kept the distance of the comparison. Let us pray so that the immolation of that collective body constituted for more than six thousand human beings can have the same redeemer effect that the Apostle Paul knew how to print so well to the

perpetuation of the Saga of Jesus , the Announcer of the Good New.

We are yelling not only Rosicrucians, but all the mystics the if they pawn in that new apostolate. The current world war shows that it is necessary to change the concept of God, for the religion more it cannot be used as instrument of the war.

If we take a look for the past, we will see Akhenaten pointing Aten, the Sun of the planetary system in which rotates the Earth, like only God, the only Creator. Possibly Akhenaten would be right and the Sun would really be the Creator of the Life just like if he knows it in the Earth: units of lively matter (capable of thought and movement, to idealize and action) provided of conscience (perception of the ambient) and self-awareness (perception of herself). Then, we will see that centuries behind the man was maybe more close to the truth of what is now.

Along the centuries these units of matter assimilates the concept of God to stratify the society in that they live in a convenient way. The problem is that the same convenience is not for all, especially in a world divided among having industrialized and underdeveloped.

I would say that God of the Caves collided with God of the Society of Consumption and both died in that disaster.

What lesson can the Humanity absorbe of that event happened in the world phenomic? I would say that this: "It is necessary to change the concept of God ". Without forgetting that the Devil exists, as active force for the maintenance of the Manifestation of the Life in the Plan of the Duality, that is where the lively and inanimate creatures of the Earth live.

Peace Profound of the Cosmic Christ to you all and that the Light of the Holy Spirit always shines on us.

Under the auspices of Eternal and Invisible Rosy+Cross,

+Frater Velado, your brother

**8 Light From Khem
Maat Into Rosicrucianism**

(Khemetic Sacred Symbols Transforms Western Mysticism)

Authentic Rosicrucianism was originated from Father CRC concepts, on the Renaissance, and various Rosicrucians was burned by the Inquisition because presented thesys contested religious principles of Romain Catholic Apostolic Faith. Freemasonry adopted Rosicrucianism as a mere degree in its initiatory system and some Orders and Fraternities was generated by this R+C Degree. Western esotericists, including Rosicrucians, decided to adapt the CRC Symbols (Jesus Mihi Omnia included) in order to scape from Vatican's canonical concepts. Aleister Crowley, experiencing some Rosicrucian current and values inside the Golden Dawn, tried to seek for "new" values and adapted Khemetic myths to his Magick system, also for Ordo Templi Orientis structure. But the most important event on this theme, no doubt, was performed by a Luteran preacher and O.T.O. Initiate in the Seventh Degree, Dr. Harvey Spencer Lewis.

Spencer Lewis, also known as Frater Profundis XIII, reorganizer of the Akhenaten's Mysteries School with a name of The Ancient and Mystical Ordo Rosae Crucis (AMORC), actually called Antiquus Mysticusque Ordo Rosae Crucis, was the introducer of Maat into the modern Rosicrucianism. The symbolism of Maat is present in tyhe original AMORC's name (TAMORC) and if you read this name in reverse order you will encounter CROMAAT. It is not a secret: Rosicrucians pamphlets from AMORC emphasises that the complete nome of the organization in reverse order configures the word CROMAAT. Since 1915 the word CROMAAT It is a mystical Rosicrucian salutation using the name of the Goddess of Justice and Truth. Note: Maat, or Ma'at, or Maet, in reality is an abstraction of Divine Ethics projected to the Earth to rule human actions and difused through all universes to simbolize the right path for all manifestations of animated forms, living creatures.

Spencer Lewis determined the addition of The 42 Laws of Maat as a special part of Monographs of AMORC., in order to crystallize Maat's Ethics in the mind of Rosicrucian students. Spencer Lewis knows that Maat is not a white woman but have not emphasized this truth.

As a member of Ordo Templi Orientis (OTO), Spencer Lewis studied the Book of Thoth, the husband of Maat. The observance of Maat Rules by Rosicrucians was extended to various Orders and Fraternities, and some oh them considerate only the magick aspect of the Ancient Egyptian Rituals, including Maat and Ankh.

The Sign of the Ankh, the Sacred Key for the Eternal Life, was assumed by several aspects, through various kinds of minds, but the Soul is only one and we are one

under this principle. Then, all Ankh images symbolizes the same idea: the immortality.

Spencer Lewis introduced Ankh's principles and teachings into the Rosicrucian studies, including initiatic rites for the Superior Degrees of his Order (Planes), developed by his son Ralkph M. Lewis (Sar Validivar), II Imperator. Plane 4 uses Ankh for a secret ceremony but I will not write more about it here because this theme is secret, reserved for Members of the Inner Circle.

Not only Lewis but various others mystics introduced Maat into esoteric organizations. These organizations are congregation of caucasian people, involved with Occidental principles and jewish ideas about Good, including magick conceptions developed in Europe, sucking Ancient Egypcian parameters of Metaphysics. Some people (white man and white woman) uses the name of Maat but forgot that Maat is not a white goddess. ..Recently I have noticed in a mailing list criticism to "black appearance of Akhenaten". Note that Akhenaten was not a caucasian and Egypcian gods and goddess are not white archtypes. Note that the Ancient Egypt was a world ruled by black people.

I recommend to all Rosicrucians and sincere studios of Khemetic the complete lecture of "The Vanishing Evidence of Classical African Civilizations", by Professor Manu Ampim, available online on The Order of Maat Supreme Grand Lodge website, at <http://www.maat-order.org/>

Khemetic names of the goddess are: Maat, Mayet, Ma'at, Eye of Ra, Feather of Truth (In addition to native variations by locality or over time, there are often several possible transliterations into the Roman alphabet used for English.)

Egyptian goddess of Cosmic Harmony, Truth and Justice, Maat ruled the Ancient Egypt using his 42 Laws through the pharaohs' power. She was associated with Toth, Ptah and Khnemu in the Egyptian Creation. Maat is a goddess but Maat is an abstraction, the most pure and refined principle of Ethic applied on the humanity for happiness, order and balance. How can Maat does it? Maat inspires the right persons in appropriate places in the just moment for immediate actions, mental, physical and political, in order to dissipate bad vibrations generated by dark human minds.

The Ankh of Maat (the Sacred Key of Eternal Life) is actually used by occidental people as a jewel or as an amulet, or such a commercial symbol (Copyrighted logos). But also authentic artists was inspired and created paintings, posters and sculptures

on the theme Ankh. Some mystical orders uses Ankh as an esoteric symbol and shows it on books, monographs and in initiatic and/or ritualistic pieces. In The Order of Maat Ankh is used for healing the sick, in various harmonization processes and for communication with other planes, through the Electromagnetic Hall (currently available for all visitors on the Net). You can visit this Hall and you will see the virtual electromagnetic Ankh. But only Members of The Order of Maat know the secrets for Ankh esoteric operations in the Fourth Dimension for several purposes.

Maat was a goddess of the underworld, sitting in judgment over the souls of the dead in the Judgment Hall of Osiris. She was depicted as a woman with an ostrich feather on her head. The goddess was sometimes represented by the feather alone. She was closely associated with Re from the beginning and eventually became known as the 'daughter of Re'. Thoth was sometimes given as her consort. Maat operates not only the Cosmic Justice but also the Alchemical process for the transformation of the humanity on the strait path of evolution. The keyword for this process is: participation.

Maat projected his etereal body on the earth some times and king Akhenaten was one of these manifestations of the goddess in this plane. Living in Maat, for Maat and by Maat, Akhenaten transformed the religious system of Ancient Egypt, introducing the monotheist concept with the Solar Disk as a only God. Akhenaten wrote the Hymn to the Aten, one of the most famous ancient mystical texts available. Maat promoted the alchemical transformation of the human society, beginning by transform one by one some rare adepts as Akhenaten. Through these emanations Maat projected on the modern era the fundamental principles for the construction of the New Era. Maat used some Rosicrucians for this mission and one of them was Frater Profundis XIII, as Sar Alden, the reorganizer of the Akhenaten's Ancient School of Mysteries, also called Hermetic Order of Egypt, that congregated 39 illuminated persons in a secret lodge (I explain this Rosicrucian Mystery in a separate ebook, "Amorcus", also included here in the next topic of this R+C Document.).

The pharaohs were said to derive their authority from Maat and claimed to uphold the cosmic order embodied in her. In the funerary papyri of the New Kingdom it was Maat who sat in judgment at the weighing of the heart ceremony in the Hall of the Two Truths. The heart of the deceased person was weighed against the image of Maat, often represented simply by the ostrich feather. Her only known sanctuary was at Karnak.

Today various esoteric orders and fraternities are using the name of Maat in his rituals and for initiations, but the caucasian people involved in this mystical affaire

forgot that Maat is not a white woman, is not a white goddess, just because the ancient Egyptians was not white people. KMT published in the Net the Manifesto below with the 42 Laws included:

42 Admonitions of Ma'at

For 3500 years of recorded history before the advent of Christianity, the people of KMT (Egypt) lived by a moral and ethical code that has never been surpassed. Western civilization rejected the laws of Ma'at, made abstinence from sex the touchstone by which morals would be judged and thus chose the christianization of the Mosaic Law which includes the so called, "Ten Commandments." Fortunately, most modern governments have rejected all of the so-called commandments, except for the proscriptions against murder, stealing and perjury, which were common to all civilized nations long before the Jews.

We should not accept the Ten Commandments as either god-given, or as a code by which men should govern their lives. And for good reason. Under Mosaic Law, violation of any of the Ten Commandments was punishable by death. When the Ten Commandments are compared with the principles by which the ancient Egyptians governed their lives, the laws of the Judaeo- Christian-Moslem world are barbaric and meaningless. The principle that governs the "True Khemite" is Maat--a religious principle which is more than justice, it is Divine-Justice, personified in the Angel Maat, who exemplifies the eternal laws of the universe as, Right and Truth.

In the weighing of the wrongs man does in this life against the intent of his heart, Ma'at makes a distinction between sins and transgressions. A sin is a violation of the laws of the the Creator. That is, laws pertain to the ordinances and requirements which the Creator has given for worship. This also extends to the commitment one makes to the Neters or Angels and the respect one holds for their gifts. Transgressions on the other hand, are offenses against our fellow mortals, their possessions, or the earth--or that portion of the earth on which we live. Thus, one sins against the Creator, but one transgresses against mortals.

Egyptologists have termed these principles "Negative Confessions" because they usually begin with the negative, "I have not." In the principles of Right and Truth, they are in fact affirmations of what one has not done in his life to live by Maat.

Transgressions Against Mankind

1. I have not committed murder, neither have I bid any man to slay on my behalf;
2. I have not committed rape, neither have I forced any woman to commit fornication;

23. I have caused no wrong to be done to the servant by his master;

24. I have not been angry without cause;

25. I have not turned back water at its springtide, nor stemmed the flow of running water;

26. I have not broken the channel of a running water;

27. I have never fouled the water, nor have I polluted the land;

----- Sins -----

28. I have not cursed nor despised God, nor have I done that which God does abominate; 29. I have not vexed or angered God;

30. I have not robbed God, nor have I filched that which has been offered in the temples;

31. I have not added unto nor have I minished the offerings which are due;

32. I have not purloined the cakes of the gods;

33. I have not carried away the offerings made unto the blessed dead;

34. I have not disregarded the season for the offerings which are appointed;

35. I have not turned away the cattle set apart for sacrifice;

36. I have not thwarted the processions of the god;

37. I have not slaughtered with evil intent the cattle of the god;

----- **Personal Transgressions** -----

38. I have not acted guilefully nor have I acted in insolence;

39. I have not been overly proud, nor have I behaved myself with arrogance;

40. I have never magnified my condition beyond what was fitting;

41. Each day have I labored more than was required of me;

42. My name has not come forth to the boat of the Prince;

It should be obvious that the Forty-two Admonitions of Right and Truth are far more inclusive than the so-called Ten Commandments. Even when the rest of the Jewish laws are considered, they pale in the light of the KMT Law. Punishment for the Personal Transgressions was reserved for the judgment of the Gods--not in this life, but in the judgment of Maat. The punishment for sins in KMT was banishment from the community. As for the Transgressions against mortals, the punishment was exacted to fit the crime. In ancient Egypt, the death penalty was seldom used, and then only under unusual circumstances. Periods as long as 150 years went by without a single execution. Yet KMT, for the most part, was without crime. Crime rose only when immigrants brought their barbaric customs into KMT, which, because KMT was the center of the ancient world, occurred more often than the Egyptians wished.

The Khemetic solution to a rising crime rate was not to pass harsher punishments, or to make it a crime to carry a weapon. No! The solution was to eliminate the root cause of crime. In the 20th Dynasty, during the rule of Rameses IX (1121-1112 BCE), crime was so rampant that even the graves of the Pharaohs were being robbed. To combat this problem, the Pharaoh expelled 260,000 Semites from the country.

This expulsion would become the Exodus of the Jews. The expulsion virtually eliminated crime in the country--while the Hebrews who were expelled, would claim that they had borrowed the gold and silver they had robbed from the graves. It is only after this so-called-exodus, that archaeologists find any evidence of massive Hebrew occupation the land of the Palestinians who had migrated to that portion of the Mediterranean coast two generations earlier. This exodus occurred a mere 20 years before Jewish tradition has Saul establishing the Jewish kingdom, not the 400 years claimed in the Bible. It was, again, the Jewish god who, according to the Bible, ordered the genocide of the Philistines, which is the Greek name for the people who called themselves Palestinians. And it is the same genocide order of the Jewish god that would be out today if it were not for the outrage of more civilized nations.

9 Amorcus Unveiled

The Illumined School of Akhenaten

(How the 98° Nisut of Khem - AUS - has used R+C ideas from 4th Dimension Plane)

"Steady it is the Future of the Sun"
(Mystical Kemethic Declaration)

One of most controversial, private and fascinating themes of the modern Rosicrucianism is the true nature of the Cosmic Masters. One knows that many of them had been people in this planet of pains and probations, but also of joys and accomplishments, the Earth. Others would be mental creations of mystics that if had crystallize (word that defines, in the Cosmic Plan, the equivalent the materialization in the Physical Plan) in the invisible dimension for the human eye; others, still, would be beings of planets that not the Earth, ascended to the condition of Masters in post-mortem (after death) it physical or transformed for this condition by alchemic-quantic processes that are of the knowledge only of some high initiates, really graduated the study deepened of this subtle one and reserved part of metaphysics where the subjectivity if becomes an almost scientific form of will deal with certain facts, which could not be boarded only through the faith, as in the religions, or simply for the orthodox philosophy or science. The theme that will be treated in this superficial article, opened how many has access the Internet, therefore accessible for profanes ones, involves one of the biggest taboos of the Rosicrucianism, the Amorcus , whose pictorial representation, according to my personal artistic vision, is

in the painting that illustrates this topic, and that it is displayed in my Art Gallery , with the heading of "Amorcus Universalis" (to see the original in the Frater Velado's Art Gallery you can click in the picture).

It becomes necessary, in this point, the insertion of a small preamble to the Amorcus subject , in which one will be to the implied acceptance and the compulsory rejection of certain facts in the mystical area. Generally, people accept as part of the reality those affirmations that are presented toall since his infancy, as example, can themselves be cited Adam and Eve, personages of the Jewish alegory on the creation of the Universe. Nowadays already it is proven, scientifically, that the first human couple was black and that lived in Africa, cradle of the humanity, where the melanin in the skin is part of the natural system of protection against certain solar effect very accented in that region of the globe. However, practically all the Christian occidental civilization person piously continues believing the Biblical version for the origin of the humanity; and practically all the occidental esotericists accept without pleas the metaphysical constructions presented in the Kabbalah. The ancient and modern occidental esoterism is based in the Jewish beliefs, the history of the Jewish people (that it is the Bible), and incorporates some superficial interpretations of the ancient Kemethic religion (the Egyptian pantheon of deities) and diverse principles extracted from Buddhism. Of this mixture of bedding, reflections, theses and dogmas the esoteric and initiatory orders and fraternities actually existing in the Occident was made with this mix, including the Rosicrucian organizations. The Bible has been the repository of the esoteric recital occidental person, in almost all the aspects. It is seen, as example, the case of the crystallization of number 7 as very special mystical symbol: it is written in the Bible that God created the Universe through 7 days; the 7, then, passed to be had, to be consecrated and to be proclaimed as essentially esoteric, symbol of sacred content, endowed with indescribable properties magick-theurgical (if you I will be interested in the properties of the number 777 I invite you to click here to have access the page on the Celestial Sanctum (Cathedral of Soul) created by Dr. Harvey Spencer Lewis, in which this subject is boarded). Practically nobody argues this, questions or contests. Why? Because since small the people they listen to these affirmations. It is had there of that it consists the implied acceptance of the affirmations. Already the compulsory rejection consists of the automatic plea of that it seems to be strange. Thus, if somebody to say that have a vision of Our Lady or that "canalized" a message from Ashtar Sheram, or if somebody, presenting itself as paranormal, to take off gold coins of the beard, or, as medium, to receive and to give consultations with the spirit of Doctor X, carrying through operations with scalpel, much few will find odd, therefore this everything is part of the daily rotine for all people. However, if somebody to affirm that was contacted by an Amorcus - help me, God! - he could be ridicularized, labeled as crazy or be contested as defrauding

the mystical reality ("mystical reality"? I will have read right what I myself I wrote? Lord, mercy!!: what it will be, accurately, the mystical reality?!). Why? Because this name, Amorcus, forces to remember the Rosicrucian Order AMORC and all finds that this sounds strange. "An Amorcus! As this entity could exist, also preceding the physical existence of the AMORC in modernity! Ah, not, this is excessively " - would say the typical esoteric bureaucrat people, that personage that if leans over with its pairs on old books in vain attempt to assimilate something reading lines, when the teachings are in the space between these lines, that he simply cannot see, mainly due to petulance of that are inflated. Made this preamble, it is moment to enter directly in the subject of this modest essay.

Amorcus is a very special Cosmic Master solely accessible to the high initiated of the Rosicrucian Order and that not be invoked by anyone, including these graduated Rosicrucians. Amorcus, however, has the power to always convoke any one of these Members of the Inner Circle for a mission, appearing before them involved in a mystical white Light extremely shining , that forms an oval figure. Until where I am authorized to in general to express revelations in this particular one before the public, I can say that Amorcus is a Multimental Master, a type of Being Cosmic that few mystics know. He is an entity immortal, self-conscious, formed by the congregation in All-Are-One of the 39 immortal minds of 39 Illuminati, the ones that had been Members, in Ancient Egypt, of "The Illuminated", secret mystical school established pharaoh Akhenaten and that he consisted in the first nucleus of mystics with a line of thought that can be defined as Rosicrucian , even so at that time did not exist, still, this literal denomination for a mystical group. Amorcus is the Instructor who brings for modernity the Light of Ancient Egypt. Amorcus was the special Instructor of Dr. Harvey Spencer Lewis on many esoteric facts that had resulted in the organization of the Rosicrucian Order AMORC. However, only few mystics if would dare to approach this subject. The proper Dr. Spencer Lewis preferred not to go deep itself this subject very before profane people e, mainly, before the mediocre bureaucrats of the esotericism at this epoch, with his mystical Licenses, Authorization Letters and an extensive universe of documents manuscript or printed and that served, according to them, to certify the authenticity of any order, fraternity or esoteric school that came to be established demanding roots on this vacant and subjective word: Tradition. Dr. Spencer Lewis, pressured for this bureaucrats, criticized and contested for envious, that they could not support the success of the Organization that it constructs, answered, certain time, before a question on that transmits it the origins of the AMORC: "... was the Amorcus". Dr. Spencer Lewis wise person who when saying the truth this would be interpreted as trick and was thus that it said e to it, at the same time, occulted it for the idiots, in a skillful action of only two words. Obviously his enemies had used them against he, mentioning this reply to it in some

writings, all they absolutely imbeciles when seen through the mystical focus or same if read by somebody intelligent thing. It is important to remember here that the esotericism, in Occident, always was a hobby - and only this - for thousands of bored people desirous of personal affirmation.

As it was said here, the Amorcus is a Cosmic Master Instructor, but few persons can speak about his essence, therefore the complete study of his nature, his cosmic mission and the interaction of minds illuminated in his All-Are-One, forming the Inductive Unit, is substance reserved for who entered the Internal Sphere of the Rosicrucian Order. However, it is necessary to say that Amorcus is only one eventual referential name, not an absolute denomination, and that this Master although to be always the same and of if revealing as appearance always in the same way - involved in Light - he can present with some types of content and some forms of expression, as the circumstances, the level of harmonization and the necessities of understanding so that everything results in definitive mystical event. As example, I can say to you All that was this Master who appeared before Max Heindel, instructing he on the true mystical nature of the Cosmos - and in the occasion this Cosmic Master transmitted some on knowledge from Ancient Egypt, that the Founder of the The Rosicrucian Fellowship included in his revelations. Here it is because you go to find references the Horus, for example, in the mystical workmanship of an essentially Christian Rosicrucian philosopher based on the Bible as Max Heindel. In his text, Max Heindel relates to this Instructor as "a stranger being of the Superior Plane". He was also this Master Instructor, to who the Dr. Spencer Lewis if related as Amorcus, the person who orientates of some important mystics of the Golden Dawn and of other Rosicrucian schools of illumination for the soul.

Finally, I want to unveil for you All, in the Portal of this New Mystical Age where we entered with the dawn of the Third Christian Millennium, that the construction of this Multimental Master Instructor was a project carefully developed by Akhenaten and his disciples in the School of Mysteries "The Illuminated". When Akhenaten decided performs the transition for the Cosmic Plan through the exercise of the will, in a conscientious ritualistic act, assuming in determined chamber of the temple a corporal position that cannot here be described and pronouncing three secret mystical words solely known by high initiates, it was, in the truth, giving beginning to the existence of the Cosmic Master Instructor who would go to take the Light of Eternal Ancient Egypt to the modern age - this exactly Master Instructor to which Dr. Spencer Lewis related as Amorcus and that thus it reported to be known by the Members of the Inner Circle of the Rosicrucian Order. Akhenaten, author of the famous Hymn to the Aten (Sun), had traces of black influence, what it proves the

mystical superiority of the black race, not as form of comparison with other races, but as form of affirmation of a reality. All the 39 Members of the School of Akhenaten had these same black racial characteristics, that also were presented by Akhenaten's wife Nefertiti, whose true appearance had been adulterated by white people who commits barratry, occidental interested in "to whiten" an essentially black mystical culture in order to take possession of its symbols, esoteric values and entities, as our accompanying Professor Doctor Manu Ampim was displayed skillfully, in a series of illustrated articles that the Order of Maat keeps published in the site of its Supreme Grand Lodge, at <http://www.maat-order.org/> . In my painting that illustrates this topic you see Akhenaten in his last meditation; if you clicks in this picture - after its image having completely been loaded - you he will see the final moment of Akhenaten in this Plane, the instant where he entered the Solar Vital Essence. Of course, these pictures are a personal artistic conception. In the picture below, I looked for to portray the "Metamorphosis of Akhenaten", the vision macro of inserted it in the achievement of this intention, in the Temple, with the mystical forces of the Sacred Fire acting directly on his physical and ethereal bodies, during his last meditation. These pictures are displayed in the Frater Velado's Art Gallery , that I created after to have received from Dr. Harvey Spencer Lewis a mystical palette to which I gave the name of "Veritas Vincit", during a special initiation in my cell of hermit, condition where I come living since 1995 to give fulfillment to the Rosicrucian mission of that I was charged by Apis Master. I invite you to visit the web site "Veritas Vincit" (only in English language) dedicated to Dr. Spencer Lewis: <http://svmmvmbonvm.org/spencerlewis/>

*I believe in the Eternal Light, Uncreated and Perfect
And in the Holy Spirit that It emanates
For all the Universes visible and invisible
For the assumption of the Cosmic Christ
In the Worlds and its livened up and inanimate creatures,
Conscientious and self-conscientious,
So that all are as,
In harmonization through unconditional Love.*

*I know that as a Rosicrucian I must give to the example,
Incorporating these Three Principles:
Good Thoughts, Good Words, Good Actions
And making of this the reason of my life,
So that it can serve the Great Workmanship
With dignity and efficiency,
Being grateful to the Light for this mission.*

*Pardon, Charity and Compassion are more
Three Principles that I must follow
To compose the Star of Six Points
Of the Great White Brotherhood,
The whose Lodge I desire to belong,
With sincere aspiration, for ascension

11 Mystical Atheism and G'.W'.B'.L'. A Study on the Real R+C Inner Circle

Dear brothers and sisters in the Cosmic Christ:

Salutes in R+C!

I'm thinking that the "religion" of the future is just the mystical atheism...a kind of esotericism without God or Goddess and Goddesses. I'm just working on this path and I believe that Rosicrucianism must be more scientific at each new day on this planet... For me Jesus Christ really exist but not as the Bible describes his person; I believe in a symbolic Jesus Christ, that can be alchemically extracted from another myth of Mythra et all like the biblical Joshua for the Western people ...Akhenaten has elected the Sun (Re) as a representative of the Grand Central Sun for this Plane, Third Dimension, Earth etc. For me, this Khemetic idea make more sense. Well, we really can seek for the truth focusing Egyptian Mysteries and I'm doing this studies since 1970. Perhaps I will obtain success ...During this period I have working (and I'm working!!) inside the Temple of Ordo Svmmvm Bonvm (OS+B). The Temple of Ordo Svmmvm Bonvm can be visited only by his 144 Members living in this Plane, Earth. It is just a projection on this planet of the Supreme Summum Sanctissimus Sanctum Sanctorum, located inside the Ethereal Lodge of Great White Brotherhood (G'.W'.B'.L'.), where the 12 Masters of the Inner Circle of the Eternal and Invisible Rosicrucian Order are congregated, in this impenetrable mystery: the 12 in reality are 13 and all of them are only one. There is the profound principle of Sacrosanctae Ordo Svmmvm Bonvm: the 144 will be just the 12, the 12 are 13 and the 13 are only one for saecula saeculorum sicut erat in principio et nunc et semper.

Ordo Svmmvm Bonvm, Aum-Rah

Ordo Svmmvm Bonvm, founded by the Tibetan Master Kar-Gya-Pa, is an interface physical and also virtual between the Humanity and the Great White Brotherhood Lodge (G'.W'.B'.L'.)

Home of Supreme Temple of the Eternal and Invisible Rosicrucian Order, Inner

Circle for Masters of Ordo Svmmvm Bonvm, Sacred House of the Holy Spirit, Sanctum Sanctorum, this Ethereal Lodge founded by K-G-P congregates individual Masters in All Are One Soul. There are two kinds of Masters: with physical body in a Plane, as Earth, and without physical body in a Plane. All of them are in the Eternal Life and in reality have not name or face, because All are One, just the entire G'.W'.B'.L.'. Sacrosanctae Ordo Svmmvm Bonvm have 12 Masters + 1 into the G'.W'.B'.L.', and one of them, Aum-Rah, maintains direct contacts with the physical word in order to perform some actions like Initiatic Ceremonies for Members of the Inner Circle of Rosicrucian Orders and Fraternities. On February 04th, 2002, Aum-Rah conducted through the Net the "Initiation of Eternal Rose" for the Mystical Body of Father Christian Rosenkreutz (CRC), Founder of Rosicrucianism and Master of Ordo Svmmvm Bonvm. Ode of goals of OS+B for this Era is just to harmonize Mysticism and absence of God. One of the various paths to this initiatory chamber behind the Secret R+C Portal is the Buddhism, without religious aspects. Religious is a word originated by the Latin religare concept extracted from the Bible and from Kabbalah (the supposed return to God's Region after the afflictions of the fall in the material universe under the regency of the Law of Duality).

The Supreme Experience

God is The Supreme Experience for all beings and is just a very intime and personal experience, cannot be described using words (Art it is required to describe, allegorically, this supreme experience, using painting or music). Since 1995 CE living as hermit, working everyday to make my bread and to maintain the hermitage where I live with some innocent animals as dogs, cats, turtles, birds, parrot and more I encountered the necessary peace and harmony, balance and sincerity needed to meditate on the human drama, seeking for truth on the theme God.

The results of my meditations cannot be reported using words, then I created the painting "God Revisited" and you can see a photo of this canvas in my Frater Velado's Art Gallery (if you want see it more accurately simply click the image above in order to enlarge it).

God is the most magnificent creation from the human mind, the supreme conception of Summum Bonum extracted from the cosmic reality in order to try understand who we are and from where we was created. These secure information are needed to make possible we define our primary metaphysical goal: to where we are going as animated creatures.

You, men, vampire and genocide, have created God with your minds and also created the Devil with your dreaming imagination... Imagine now, imagine, an entire world without violence, without bombs. In order to materialize this idea you have to change your God format, because if God is used to make war he is no more God - is just the Devil.

I invite you to read the ebook "The Secret R+C Portal" available for free in the Digital Library OS+B linked below, per benedictionem Rosae+Crucis.

The Secret R+C Portal

After all degrees of the external Rosicrucian Orders and Fraternities, after all superior degrees of his Inner Circles, after 25 years of continuous studies or more, there is the Secret R+C Portal, occult for ever for all profanes. The Sacred Sword of G'.W'.B'.L'. and the Mystical Snake of the Spira Legis are the permanent guardians of this Portal, the entrance to the Inner Circle of the Eternal and Invisible Rosicrucian Order, emanated by the Holy Spirit from the Supreme Temple of OM, the Emanator of the Vibration of the Self-Created and Pure Light that is the origin of all Planes and all Universes in all Spheres. There are many keys to open the principal and secondary symbolic portals under the auspices of the magnificent, superior and portentous Secret R+C Portal, a General Portal for Adepts congregated by two principles: "All are One" and Ad Rosam Per Crucem.'.Ad Crucem Per Rosam". One of these metaphysical keys is a theoretical sword, Excalibur. Excalibur is one of mystical swords used in authentic Rosicrucian Initiations into the Inner Circle. Excalibur is permanently inserted in a block of Stonelight, a magick stone constructed with pure light emanated by G'.W'.B'.L.'. Only Adepts can remove Excalibur from the Stonelight in order to initiate Members of the Superior Degrees of Rosicrucian Orders and Fraternities. Note that Excalibur is not only a simple sword: it is also a cross, just the cross of the Rosicrucian Order. When Excalibur is removed from Stonelight it is no more a cross: now it is the esoteric tongue that pronounces the secret words of the Initiation R+C.

Seeking for the Eternal Life

You are invited, now, to meditate on another ethereal theme...If you are Member of the Inner Circle of any Rosicrucian Order or Fraternity, I invite you to meditate on this theme: "the Eternal Life". If you are ready for the insight, you will receive it. At this time I can say about this theme that the Eternal Life is the complete absence of entropy, the phenomenon causative of the universal decomposition for continuous reformulation of forms and aspects. Inside Eternal Life men are not more men: when a person enters the Eternal Life he is immediately transformed in sacred mirror of the Eternal Light, also called The Force. In this aspect - The Force - Eternal Light created icons for human comprehension, as God, and men use these symbols to translate Eternal Light according to his level of perception. Since the dawn of his conscience as auto-perception men seek the Eternal Life, invoking God. The path to the Eternal Life has a terrible obstacle: this hindrance is Apophis, the immortal and inexorable snake generator of Chaos.

Seeking for the path to Eternal Life you will encounter a metaphoric sidereal region, the Illuminated Galaxy. This very special galaxy is not in the Universe where Earth exists at this time. To visit this strange (for human creatures) part of another Universe, in another Plane, you must be connected ahead of your era. Only the Warp Velocity can process the voyage to this Galaxy Illuminated. It is illuminated directly by the Eternal Light. If you penetrate into this Universe you have not more age, sex or human mind. If you are admitted in this galaxy you are not more a human creature. Now, you have ascended to a superior Plane, where this Illuminated Galaxy exists. But another metaphoric region - just a mental region - is expecting for you behind this fantastic galaxy of pure light: Land of Ankh!! Land of Ankh is not an imaginary place reserved only for meditation themes. Land of Ankh is a reality, an oasis inside a mystical sphere of light, directly blessed by the goddess Maat, owner of Ethics, guardian of True and Justice. Land of Ankh is a country of Peace Profound, reserved for Members of The Order of Maat. When you are in Land of Ankh you can contact your ancestors and you can see perfectly the first man and woman on this planet: a black pair. The "Land of Ankh" painting is my tribute to Africa, real origin of humanity. But if you prefer your imaginary Eden with the allegoric pair Adam and Eve, no problem. It is just an occidental projection of the truth about us, a Jewish version, like several others, as Vedic, Nordic, Chinese, Sioux and Eskimo. I prefer the original version, the ancient Egyptian story and I'm sure: Maat is not a white woman. It is not a random choice. I prefer the original version about the origin of humanity because I saw the first human pair personally in Land of Ankh.

About this entire metaphysical theme for R+C advanced studies I will explain something on the Initiatic Dream. For this theme I created a painting with initiatory

purposes. I created this initiatic painting thinking on a girl recently admitted in one Rosicrucian Order. She studied the firsts monographs, she realized the firsts experiments, then she was sleep. During the inertia the mind of this girl projected in the Astral Plane a stylized rose and she is absolutely sure about the purism of this allegoric manifestation. The girl pronounced the mystical sounds aum-ra-ma and the stylized rose is elevated to the Nirvana's limb. There is the first stage of Rosicrucian comprehension of material manifestations of the power of mind, the preface for the Degrees of Temple. But this initial degree is only the preamble of the First Portal of the Atrium for the External Circle of the Rosicrucianism. Who is the name of this Rosicrucian girl? Well, she is No Name Girl...Who is No Name Girl? Last night I had a dream, I saw this face, then I painted her portrait. From where I know No Name Girl? In order to solve this mystery I studied the Book of Thoth. But I have not success. If you know this face, if you are sure about you recognizes No Name Girl as a simple girl living on this Plane you are a happy man. For me is not this happiness, because I'm absolutely sure: No Name Girl lives in an ethereal land that can be accessed only through the Secret R+C Portal. I wrote a poem dedicated to this very special girl. Here is it:

Hi No Name Girl!!

*I'm here before your portrait
That I created it just sucked from my soul.
No Name Girl, now I'm crying for me and for you
Because I remember the meeting we never had*

*The kiss that we never lived
The live that we never kissed
And more, much more that we never seen.*

*Yes, I remember your illuminated hair
Your pure heart,
Your mystical eyes
And your mouth.*

*Perhaps a day
In the future or in the past*

*(It is the same day)
We encountered our only one soul
Our only one mind
Our only one life.*

*No Name Girl,
I never know you
But I remember you perfectly
In my immortal memory,
In your immortal memory,
In our immortal memory,
No Name Girl.*

Your eternal admirer FV

The Path of Art

Some people, esoteric or not, asks sometimes what exactly is Art. Some Rosicrucian Orders and Fraternities encourages his members to produce Art, principally paintings and sculptures. Generally people, profane or not profane, see Art as an expression of Divine Presence on this Plane. Art is one of the most important forms of expression for human creatures. Writing essays, articles, books, monographs or poems; painting, sculpting or composing music men encounter his redemption into the human drama, the traditional dilemma "To Be or Not To be".

Usually you can evaluate an organization by his Art production. If you take a look on the Ancient Egypt you will encounter hundreds of authentic masterpieces of pure Art, reproduced today by members of esoteric orders and Khemetic Orthodox Faith, principally in US. If you focuses some religions, like the Christians, you will see fantastic Art treasures, like music of Vivaldi, Haydn, Corelli, Albinoni, Brahms, Mozart, Beethoven and Johann Sebastian Bach, sculptures of Michelangelo, paintings of Renbrandt, Piero de La Francesca et all, all of them created on/for the Catholic Apostolic Romaine Faith. Also Tibetan Buddhism and Vedanta artists produced several jewels of authentic mystical art. Religious Chinese and Muslims created thousands of pieces of Art.

If anyone ask me about a personal definition of Art, I will declare that for me Art is principally the product of extreme torment. Like an oyster producing a magnificent pearl by a reaction before the sufferance caused by attrition men creates Art by similar causes. Art is the human effort to overcome extreme agony - physical, mental or psychic. Observe the story of Beethoven deaf; analyze the story of Pietr Mondrian without food to stay leave; see the story of Vincent Van Gogh. Men can produces Art without agony but this creation is really very rare, but I will to cite an example: Bach.

I'm creating Art as a natural consequence of my Rosicrucian condition. In my personal case during the embellished period of my life - the 28 years of my happy marriage with Iolanda (Master Apis) - I produced music with my trumpet. After the transition of Iolanda to the Eternal Life I produced some mystical books and paintings. I invented the initiatic book: mystical text and paintings for development of human conscience. When a person see one of these pages he is entering the kingdom of Rosicrucian Mystery.

Karmalleluia

Here is the complete history of the human drama on this planet of probations and realizations, into the sacred misteries of the Path of Art. For the materialization of the mystical artistic concept exactly it is inside the Rosicrucian Order I created a painting, titled Karmalleluia. There is the story of God and his creator, man, that invented it in order to rule all actions. Here his your history, beloved All, here is our fantastic story. This story can be modified in order to have a happy end. But in this case you must be crucified on a sword and your soul must be transformed in a mystical rose. Are you interested in join this path, men? Join the Rosicrucian Order: choose one Order or Fraternity R+C and go ahead. Perhaps you will separate Karma and Alleluia in two independent words. First of all, for the perfect comprehension of this complex theme you have to understand perfectly what is the Great Initiation or The Transition: During the Great Initiation the Adept emerges of his physical body dead and assumes a new body, a glorious body of pure light, with a strong violet aura, in order to penetrate the Sacred Atrium of G'.W'.B'.L'.', through the Secret R +C Portal for the Eternal Life. All members of the Inner Circle of the Rosicrucian Order here in Earth can perform this supreme mystical task on this Plane using the Three Sacred Words. These words, used by Pharaoh Akhenaten in his final meditation was preserved by The Order of Maat and his Members can use it to leave this Plane. During the entire Transition Process the Adept will be examined by The

Esoteric Judge. The Esoteric Judge is your real boss if you are in reality an Initiated. He evaluate your acts on this Plane through a mystical optics. The Esoteric Judge tests you sincerity day after day, month after month, year after year. He examines your mind exactly he was you without your physical body. Finally, the Esoteric Judge pronounces the more appropriate sentence for you, according your evolution, not according your offenses. The Esoteric Judge can be encountered in the Threshold of the Personal Temple of the Rosicrucian Order. He is available for all members of all Orders and Fraternities R+C under this ancient slogan: '.Ad Rosam Per Crucem.'. Ad Crucem Per Rosam!..

Mystical Rose 777

But after his transition the Adept have to know the secrets of Mystical Rose 777. This misterious metaphysical flowers reserved for R+C sincere students and continuously preserved by R+C Masters and Lay Brothers is the Rosicrucian Rose, used by founders of R+C Orders and fraternities to materialize these organizations on this Plane, Earth, according instructions of '.G'.W'.B'.L.'. It is a crystallized rose: only his ethereal fragrance is used in order to materialize it, because this rose have not physical existence. Mystical Rose 777 exist only in the Sacred Garden of the Square Palace, the Supreme Temple of Real, Eternal and Invisible Rosicrucian Order, hidden for profanes and bureaucratic esotericists.

Inside the Mystical Rose 777 sacred mystery resides, totally protected the Eye R+C. Rosicrucian Eye is the inner vision developed inside the mind of sincere Rosicrucian students by ritualistic studies in his Personal Sanctum. The Rosicrucian Eye born according the sincerity of the student and arises sluggishly. In a slow running process the Eye R+C grows and adjudicates the accurate mystical vision to the student. He must be very patient and profoundly devoted to his studies in order to see through this esoteric eye.

Mystical Rose 777 is one of three parts of the Rosicrucian Chandelier. This mystical hanging lamp with three candles in form of roses is the Great Light of the Inner Sanctum of the Adept. The Adept is the Member of the Inner Circle of the Rosicrucian Order that can be contacted and instructed by Masters of Great White Brotherhood Lodge. The cocoon sustaining the Rose-Lights symbolizes the Spira Legis (Spirals of Law).

R+C Planes of Comprehension

Rosicrucian Planes of Comprehension are the multiple windows for several Universes created by the Eternal Light, all of them absolutely hidden for not initiated in the Rosicrucian Order. In some of these Planes the Adept can see mathematically creatures living in eternal existence inside a fantastic kaleidoscope. For each Plane exist a individual Solar Disk, symbolizing the Eternal Light through animated fire endowed of perfect conscience with auto-perception quality. The Adept will enter completely the mysteries of these Planes only after the Great Initiation, at the Transformation Day, when he will be projected into the Fourth Dimension. In order to make a precursory study on these Planes the R+C student, sincere and devoted, have to expend much time and energy in the study of Violet Vibration.

The complete and initiatic study of Violet Vibration is one of the most important themes studied in Vibraturgy, the esoteric science examined by Rosicrucian students in order to realize experiments affecting human aura and aura of all bodies animated and not animated, as stones votive, magickal objects, transformers of the Light at crystal prisms and spatial spheroids bodies as Earth, Moon and all planets. Christian Rosenkreutz (Father CRC, Founder of Rosicrucianism) in one of his allegoric aspects recommended the use of Violet Vibration as a flame to purify some kinds of auras and karmas (generally karma of one cannot be modified by another person). The study of Violet Vibration embraces the decomposition of this colour in all nuances of his spectre by the intonation of some mystical sounds as key and tho. Violet Vibration is much used by esotericists in several mystical rituals and artists used it for create special effect in paintings. Rosicrucian Art uses Violet Vibration and Red Vibration to produce the manifestation of the Mystical Rose 777 materialization.

With best wishes for balance and light, life & love from our beloved Master Akhenaten; with best wishes for Peace Profound under the auspices of the True, Eternal and Invisible Rosicrucian Order, in K-G-P. Salutam, gratiam, et benedictionem in Domino!!
